

October 2014

CURRICULUM VITAE **(Maria) Fernanda Ferreira**

Department of Psychology and Program in Linguistics
University of South Carolina
1800 Gervais Street, Columbia, SC 29201
(803) 777-7224 (office), (803) 920-2597 (cell)
fernanda@sc.edu, fernandaedi@gmail.com

Personal Information

Birthdate: September 22, 1960

Citizenships: United States (naturalized), Canada (naturalized), Portugal

Education

B.A. (Honours) (1982), Psychology, University of Manitoba, Canada.

M.S. (1985), Psychology, University of Massachusetts, Amherst, Massachusetts, USA.

M.A. (1986), Linguistics, University of Massachusetts, Amherst, Massachusetts, USA.

Ph.D. (1988), Psychology, University of Massachusetts, Amherst, Massachusetts, USA.

Research Interests

Psycholinguistics, reading, language comprehension, language production, prosody and disfluency, individual differences, working memory and language processing.

Academic Positions

July 2010 - present: Professor and College of Arts and Sciences Distinguished Professor of Psychology and Linguistics, University of South Carolina.

August 2006 - July 2010: Chair of Language and Cognition and Professor of Psychology, Department of Psychology, University of Edinburgh.

August 1999 to August 2006: Professor, Department of Psychology, Michigan State University.

January 1999 to August 1999: Visiting Scholar, Department of Psychology, Stanford University.

June 1992 to 1999: Associate Professor, Department of Psychology, Michigan State University, East Lansing, Michigan (on leave August 1996 to August 1997 and January 1999 to August 1999).

July 1989 to June 1990: Assistant Professor, Department of Linguistics, University of California, Los Angeles.

July 1987 to June 1992: Assistant Professor, Department of Psychology, University of Alberta, Edmonton, Alberta.

Administrative Positions

May 2008 to May 2009: Head of Psychology, School of Philosophy, Psychology, and Language Sciences, University of Edinburgh.

July 2004 to August 2006: Director, Center for the Integrated Study of Vision and Language, Michigan State University.

August 2000 to 2002: Associate Chair, Department of Psychology, Michigan State University.

August 1996 to August 1997: Program Director for Linguistics, National Science Foundation, Arlington, Virginia.

Professional Service

- January 2015-December 2020: Member, Psychonomic Society Governing Board (elected).
2014: Reviewer for NIH Center for Scientific Review (Pilot Study Evaluating Meritorious Applications across Study Sections).
August 2013 - present: Associate Editor, *Cognitive Psychology*.
2011, 2012: Member, Special Emphasis Panel, National Institutes of Health.
January 2008 to December 2011: Editor in Chief, *Journal of Experimental Psychology: General*.
2007: Co-editor with Michael K. Tanenhaus: Special Issue of *Journal of Memory and Language*. Topic: Language – Vision Interactions in Language Processing.
January 2005 to present: Member Editorial Board, *Journal of Memory and Language*, *Journal of Experimental Psychology: Learning, Memory, and Cognition*, *Journal of Experimental Psychology: General*.
January 2001 to December 2004: Associate Editor, *Journal of Memory and Language*.
January 1997 to December 2000: Associate Editor, *Journal of Experimental Psychology: Learning, Memory, and Cognition*.

Awards and Honors

- 2010: College of Arts and Sciences Distinguished Professor of Psychology and Linguistics, University of South Carolina.
2009: Fellow of the Royal Society of Edinburgh (FRSE).
2009: Fellow of the Association for Psychological Science (APS).
1996: American Psychological Association Distinguished Scientific Award for Early Career Contribution to Psychology (Cognition and Human Learning).

Research Grants (since 2001)

- Under Review: "Executive Functions in Adolescent Language Processing". Fernanda Ferreira (Principal Investigator), John Henderson (Co-Investigator). National Institute of Child Health and Human Development, \$2.4 million requested.
Under Review: "Executive Functions in Adolescent Language Processing". Fernanda Ferreira (Principal Investigator), John Henderson (Co-Investigator). National Science Foundation, \$590,000 requested.
Under review: "Assessing Individual Differences in Reading Skill with Eyetracking", John M. Henderson and Fernanda Ferreira (Principal Investigators), Suzanne Adlof, co-Investigator. Institute for Education Sciences. \$1,600,000 requested.
2014-2015: "Processing of repair disfluencies in spoken language" (R56), Fernanda Ferreira (Principal Investigator), Nathan Maxfield (Co-Investigator). National Institute on Deafness and Communication Disorders, \$100,000.
2012-2013: "Theories of Sentence Processing and the Neuroscience of Language: Special Session at the 2013 CUNY Conference on Human Sentence Processing", Fernanda Ferreira (Principal Investigator), National Science Foundation, \$32,511.
2010: "Disfluencies in language: producing and interpreting speech repairs", Fernanda Ferreira (Principal Investigator). Levehulme Trust, £139,005 (awarded but declined)
2009-2013: "Get- versus be-passives in English: a Functional Investigation", Christoph Scheepers (Principal Investigator), Fernanda Ferreira (Co-Investigator), Economic and Social Research Council of the United Kingdom, £395,676
2008-2011: "Gradient Structure in Linguistic Categories: Rethinking the Nature of Intonation", Sasha Calhoun (Principal Investigator), Fernanda Ferreira (Co-Investigator), The British Academy, £212,958 (completed)

- 2007-2011: “Good Enough Language Comprehension: Effects of Reanalysis Difficulty on Comprehension and Production of Subsequent Material”, Fernanda Ferreira (Principal Investigator), Economic and Social Research Council of the United Kingdom, £425,000(completed).
- 2005-2008: “Eye Gaze in Salience Modeling for Robust Spoken Language Understanding”, Joyce Chai (Principal Investigator), Fernanda Ferreira (co-investigator), National Science Foundation. (completed).
- 2003-2006: “Sentence Interpretation in Naturalistic Contexts”, Fernanda Ferreira (PI), National Institute of Mental Health/National Institutes of Health (completed).
- 2002-2005: “Inhibition and cognition in adolescent and adult ADHD”, Joel Nigg (PI), Fernanda Ferreira and John M. Henderson (co-investigators), National Institute of Mental Health/National Institutes of Health. (completed).
- 2001-2006: “IGERT: A unified approach to sequential decision-making in cognitive science”, Fred Dyer (PI), Fernanda Ferreira, Thomas Getty, and John Henderson (co-investigators), National Science Foundation (completed).

Conference Presentations

- Ferreira, F. (2014, November). Comprehending Disfluent Speech: Theory, Research, and Clinical Extensions. Invited talk to be presented at the American Speech-Language Hearing Association (ASHA) Convention, Orlando, FL.
- Ferreira, F. (2014, November). The continuous and the discrete in sentence processing: Evidence from comprehension of utterances with disfluencies. Invited talk to be presented at the Hopkins Workshop on Language (HOWL) series 2014, Johns Hopkins University, Baltimore, MD.
- Karimi, H., & Ferreira, F. (2014, March). The middle matters the most: The effect of phonological similarity on referring forms. Poster presented at the Annual CUNY Conference on Human Sentence Processing, Ohio State University, Columbus, OH.
- Husband, E.M., & Ferreira, F. (2013, March). Distinguishing two paths to silent meaning in the brain. Poster presented at the Annual CUNY Conference on Human Sentence Processing, University of South Carolina, Columbia, SC.
- Karimi, H., Fukumura, K., Pickering, M., & Ferreira, F. (2013, March). The effect of phrase length on the form of referring expressions. Poster presented at the Annual CUNY Conference on Human Sentence Processing, University of South Carolina, Columbia, SC.
- Nye, J., Luke, S., VanDyke-Lyon, J., & Ferreira, F. (2013, March). Effects of speaker identity on processing rude and polite language: Evidence from eyetracking. Poster presented at the Annual CUNY Conference on Human Sentence Processing, University of South Carolina, Columbia, SC.
- VanDyke-Lyon, J., Husband, E.M., Ferreira, F., & Maxfield, N.D. (2013, March). Contextual effects on the comprehension of speaker corrections: An ERP study. Poster presented at the Annual CUNY Conference on Human Sentence Processing, University of South Carolina, Columbia, SC.
- VanDyke-Lyon, J., Keung, L., & Ferreira, F. (2013, March). Children's and adults' processing of noun phrase conjunctions: An eye-tracking study. Poster presented at the Annual CUNY Conference on Human Sentence Processing, University of South Carolina, Columbia, SC.
- Husband, E.M., & Ferreira, F. (2012, October). Two routes to silent meaning distinguished in the brain. Poster presented at the Annual Conference of the Society for the Neurobiology of Language, San Sebastian, Spain.
- Husband, E.M., & Ferreira, F. (2012, March). Generating contrastive alternatives. Paper presented at the Annual CUNY Conference on Human Sentence Processing, New York University, NY.
- VanDyke, J., Husband, E.M., & Ferreira, F. (2012, March). Shared processes in passives and unaccusatives: Evidence from ERPs. Poster presented at the Annual CUNY Conference on Human Sentence Processing, New York University, NY.
- Nye, J., Ferreira, F., VanDyke, J., & Husband, E.M. (2012, March). Reconstruction of censored taboo words in sentence processing. Poster presented at the Annual CUNY Conference on Human Sentence Processing, New York University, NY.
- VanDyke, J., Husband, E.M., & Ferreira, F. (2011, September). Inanimacy as a cue to derived subjects: Evidence from the development of the "semantic" P600. Poster presented at the Annual Architectures and Mechanisms for Language Processing Conference (AMLaP), Paris, France.
- Cokal-Karadas, D., Sturt, P., Ruhi, U., & Ferreira, F. (2011, March). Anaphora processing in written discourse: "it" and "this". Poster presented at the Annual CUNY Conference on Human Sentence Processing, Stanford University, Palo Alto, CA.
- Cokal-Karadas, D., Sturt, P., Ruhi, U., & Ferreira, F. (2010, September). "This" and "that": Deixis in written discourse. Poster presented at the Annual Architectures and Mechanisms for Language Processing Conference (AMLaP), York, United Kingdom.
- Demiral, S., & Ferreira, F. (2010, September). Effect of garden-paths on semantic processing: Individual differences and the modulation of the N400 effect. Poster presented at the

- Annual Architectures and Mechanisms for Language Processing Conference (AMLaP), York, United Kingdom.
- Demiral, Sukru, Unger, L., Speed, L., & Ferreira, F. (2010, September). Object affectedness has an immediate impact on situated sentence comprehension. Poster presented at the Annual Architectures and Mechanisms for Language Processing Conference (AMLaP), York, United Kingdom.
